

ANIMAL CRACKERS MARK

# English's Opera House

## PROGRAM

### COME TO STRAIGHT-EIGHT HEADQUARTERS

• Four years ago Marmon had the foresight—started building Eights in the heyday of the Six. Now, in the heyday of the Eight, Marmon has the experience—four solid years of straight-eight improvement and development... With this experience and leadership Marmon can definitely say to the eight-cylinder buyer, «Come to Straight-Eight Headquarters.»

• See and try Marmon's four new straight-eights—the New Big Eight in the \$3000 field, the New Eight-79 in the \$2000 field, the New Eight-69 in the \$1500 field, and the New Marmon-Roosevelt in the \$1000 field.

You may be always assured of a delightful hour in the Meridian Bookshop and in the little Rare Book room, for you may browse to your heart's content amidst the greatest literary masterpieces of both modern and ancient times.

You will find, while our stock is not large, it is yet carefully selected. As regards rare books, it is, perhaps, the finest collection outside the City of New York. We also have a large representation of Private Press books, limited editions, beautiful books in beautiful bindings, colored plate books and autograph manuscripts.

Any scarce, out-of-print book that is not in our stock will be searched for and reported free of charge to the inquirer. We are at all times ready to buy, for cash, from one book to whole libraries, and pay the highest prices. Appraisals will be executed at reasonable fees.

## "JENNY"

A New Comedy

Notable in the bookings of English's Theatre this season will be the appearance of the distinguished actress, Jane Cowl, in her most recent success, "Jenny," a romantic comedy written by Margaret Ayer Barnes and Edward Sheldon. Miss Cowl is announced for a week's engagement at English's commencing Monday night, March 24th, with matinees on Wednesday and Saturday.

"Jenny" has been presented by Miss Cowl for the past eight months and has proved not only a delightful vehicle for this star, but also a stirring picture of modern American life. The plot centers on the romance of Jenny Valentine, an actress, and John Weatherby, whose wife and family have come to regard him as but a convenient check-book. With a daring disregard of the conventions, Jenny champions the newer code of individual happiness and fair play in the game of marriage.

Guy Standing heads Miss Cowl's supporting company, which includes Katherine Emmet, Helen Brooks, Joyce Carey, Lewis Martin, Coburn Goodwin, Ben Lackland, Robert Lowe and others.

# *Electricity the Good Fairy of the Home . . .*

The introduction of electrical devices into the home is doing more than any other one thing to aid home-making become the true expression of happy women, leaving them additional time for growth along other lines. This is what women are asking of life—growth and the time to grow, not more time for idleness.

Electricity in the home can go far toward establishing it on a sound economic basis, and making the routine of its daily duties operate with more efficiency. Really electricity is the Good Fairy that has come to the home of the present day woman.

Our classes in cookery, lampshade making and home-making have been resumed.

All women of the city are cordially invited to attend these classes at no expense to them.

## PIONEER OF THE STRAIGHT-EIGHT

---

Four years ago, the Hupp Motor Car Corporation predicted that the Straight-Eight motor was destined to **dominate** the fine car field. Ending the reign of the Six in the field above \$1500. Even then the Hupp Motor Car Corporation was building a superb Straight-Eight, backed by years of development and experimentation.

---

**H**UPMOBILE meets this new era of the Straight-Eight as a seasoned and successful Straight-Eight pioneer. It meets the demand for the greater luxury of Straight-Eight transportation with two new and unparalleled Eights, perfected by more than a decade of eight-cylinder research and development.

The 100 horsepower Hupmobile has revised all standards of motor car values in its power and price class and Hupmobile's second new Eight . . . the 133 horsepower Hup-

mobile, with a speed of 90 miles an hour, is the finest car in Hupmobile's history.

In these new Hupmobiles, the Straight-Eight motor has been developed to its ultimate. Engineering tests and comparisons have shown it to be supreme in power. These are cars for the motorist who wants complete and incontestable mastery of the roads. With nothing left to be desired, in beauty of line and appointments, in riding and driving comfort, in range and flexibility of speed and performance.
